Round Mortice Cylinder Deadlatches

524510 Lock Type

R = Reversible Handing

Deadlatches offer flexible control of situations and can be used in conjunction with electric strikes to provide the added option of remote access control.

Designed to operate on doors with 3mm door gaps, the deadlatches can also be operated with the 459 paddle handle (cam plug required).

Features

- Range of back sets available
- Locks accept standard 37/32" 29.37mm mortice key or thumbturn cylinder
- Faceplate finish SAA
- Industry standard ANSI cut outs
- Europrofile or round mortice cylinder options
- Latch hold back facility
- Latches compatible for use with electric strikes
