Cabinet Locks

ACL200

This compact rugged cabinet lock is designed to be fitted in display cases, cabinets and lockers with either swing or sliding doors requiring electronic control and where keys are not a practicable solution. The innovative design enables the lock to be fitted vertically or horizontally whilst receiving the striker plate from the front, side or slide entry positions. Offering maximum flexibility and alignment adjustment whilst maintaining an excellent level of security for its size.

Stainless Steel Striker

Holding >250Kg

Flexible Alignment

Has 5mm vertical/horizontal adjustment after installation

Power consumption

180 mA - 12VDC continuous (+/- 15%)
90 mA - 24VDC continuous (+/- 15%)
