Europrofile Cylinders Lock Accessories

5214 EuroProfile Cylinder

5218 Europrofile Cylinder and Thumbturn

5222 Half Profile Cylinder

Europrofile cylinder locks are one of the most secure forms of lock for your home or commercial property and are recommended by security experts.

These are sometimes referred to as door barrels, as they are self-contained security units that can be installed in your doors.

Simply put, when a barrel has been fitted into your door, you can use your key to turn the pins, which prevent the door from opening.

It's a simple and effective method of increasing your property's security.

All Europrofile cylinder are for use with 4570/220/221 lock types

We offer a range large range of sizes from 60mm to 100mm.

Our range of 90mm to 100mm are 6 pin cylinders so will offer better security and also conform to BS EN1303 Grade 6.

Finishes

Sizes 60mm to 90mm - SAA Sizes 90mm to 100mm - Polished Chrome

3 YEAR GUARANTEE
