

Push and Kick Plates

Push Plate

Kick Plate

Alpro offer push and kick plates in infinite sizes and finishes to suit your exact requirements. Supplied with predrilled holes, these are a perfect option for a quick and easy installation.

Push plates are held in stock in various sizes to suit our standard Impressionist Range of handles.

For push plate bespoke requirements, kick plates and larger quantities we can have these made to order with a short UK turnaround. With an added option to engrave 'PUSH' or "PULL" and fill in black these push plates can be altered to meet your exact specifications.

- Push plates stocked in SSS SAA and PSS
- Made to order option available
- Short lead time
- Predrilled holes - 4.5mm dia
