## Strand Antipanic

### Outside Access Devices

Optional outside access device (OAD) with lever handle or knob available for use with modular and touch bar ranges.

#### Application

Where outside access is required two threaded screws allow the centre mechanism of the device and outside access to be bolted securely together.

Standard spindle suitable for doors up to 100mm thick.

OAD comes complete with a standard 40mm half Euro cylinder as standard.

In addition to the standard type of OAD a key retaining version is available (key can only be withdrawn in the locked position).

Keyed alike and high security options available to order.

**1 YEAR WARRANTY**
