Mushroom Exit Button

ALPM026G

The ergonomic mushroom button is part of the Alpro D002 Interlock Kit. An ideal solution for harsh environmental conditions, this unit provides excellent resistance to dirt, water, mechanical shock, and vibration. Suitable for hand, elbow or foot operation, the large operating surface allows quick and intuitive activation, making it well suited to high-traffic and industrial environments.

- IK10 rated
- IP68 rated
- 5A 48VDC 300VAC output
- Normally open and normally close switches
- Screw terminal outputs
- Large operating range
- Robust and vandalism enclosure with polycarbonate materials
- Removable switches with screws terminal output for easy and fast wiring
- Easy and fast installation
- With 3 blind holes for PG13.5 use for easy wiring from up/down/sides
- With breakout ports for cable tray use (no longer IP68)
